Under Ontario regulations, a consumer with an account that falls into one of a prescribed set of classes as described below, is to be billed under the **Regulated Price Plan (RPP)**.

Toronto Hydro automatically enrolls some accounts in the RPP based on the consumer's consumption and demand profiles as described in Step 1, sections 1 through 3. However, some accounts, as described in Step 1, sections 4 and 5, are not automatically enrolled and must self-declare account eligibility with Toronto Hydro in order to be enrolled in the RPP.

In accordance with section 3.5 of the Ontario Energy Board's Standard Supply Service Code, RPP consumers have the option of being charged the RPP Time-of-Use (TOU), Ultra-Low Overnight (ULO) or Tiered pricing. Consumers that have an interval meter also have the option of being charged the Hourly Ontario Energy Price (HOEP).

If you're interested in self-declaring and having your account enrolled in the RPP, please complete the steps below.

At any time after the self-declaration, you can choose to change your price plan option. Requests to change your price plan can be emailed to billingspecialist@torontohydro.com and should include your account number and your service address. If the request is submitted by a third party, please include a letter of authorization permitting the third party to act on your behalf. Please note that changes to your billing may not take effect until your next billing period, at the earliest.

STEP 1: Do you qualify for the RPP?

According to Ontario Regulation 95/05 under the *Ontario Energy Board Act, 1998*, the following are prescribed as the class of consumers for the purposes of being billed under the RPP:

1. Low-volume consumers (consumers who annually use less than 150,000 kilowatt hours of electricity).
2. A consumer who has a demand of 50 kilowatts or less.
3. A consumer who annually uses at least 150,000 but not more than 250,000 kilowatt hours of electricity.
4. A consumer who has an account with a distributor, if the account relates to,
 - I. a dwelling,
 - II. a property as defined in the *Condominium Act, 1998*,
 - III. a residential complex as defined in the *Residential Tenancies Act, 2006*, or
 - IV. a property that includes one or more dwellings and that is owned or leased by a co-operative as defined in the *Co-operative Corporations Act*.
5. A consumer who has an account with a distributor if the consumer,
 - I. carries on a business that is a farming business for the purposes of the Farm Registration and Farm Organizations Funding Act, 1993, and
 - II. holds a valid registration number assigned under that Act or the consumer's obligation to file a farming business registration form was waived pursuant to an order made under subsection 22 (6) of that Act.

STEP 2: Self Declaration/Election for the RPP – to be completed only if you determine that you qualify for the RPP based on sections 4 and 5 (as defined under Step 1). If you have more than one qualified account, please fill out a separate form for each account.
